The following questions are designed to help us place our puppies in the best possible situation for THEIR requirements and needs (both physical and mental). We ask that you be honest when completing this application in order to ensure the best possible fit of puppy to owner. While the breed has many common traits, each pup has its own distinct personality.

1. Why are you interested in acquiring a new puppy/dog?

2. Is this your first dog? YES NO

3. Is this your first time raising a puppy? YES NO

4. Do you have other pets in the home? YES NO

5. Do you already have a veterinarian? YES NO

(Veterinarian's name: _____)

6. Please tell me what you and your partner (if applicable) do you do for living.

7. How long with the puppy be alone, unattended in the home?

8. Where will your new puppy be kept indoors?

9. Do you have a fenced yard for outdoor play?
10. Are there children in the household and if so, what ages?
11. Are all adults in the home in agreement to purchase a puppy?
12. How will your puppy be trained?
13. Is this puppy going to be a surprise or gift for anyone? YES NO
14. Havanese dogs have hair and not fur and are therefore, hypoallergenic. This also means they require daily grooming to keep their coat tangle-free. They also require bathing approximately every 2 weeks. Do you plan to keep your puppy in full coat or a clipped cut? Are you prepared to do all necessary grooming yourself or are you prepared and able to hire a professional groomer to do it for you?
15. Do you agree to give us follow-up reports and photos from time to time?
16. Have you or any person in the household ever been arrested, charged or convicted for any animal crimes not limited to cruelty, hoarding, or neglect?
17. How did you come to hear about us?
18. Are you prepared to provide two personal references?

Do you have any questions for us you'd like us to note?

Please provide any other relevant information you feel would assist us in placing a puppy in your home. Add as many pages as necessary.
